

GRAZIANI
EMPORIO
CANDLES & MORE

2022

CHI SIAMO / WHO

Una delle più antiche fabbriche di candele italiane e del mondo, fondata nel 1805 da Abramo Graziani in Livorno e tramandata di padre in figlio per sette generazioni. Ancora oggi rimane una azienda di famiglia gestita da Mario Graziani, la moglie Francesca e affiancati dalla figlia Maria.

L'intera storia si trova sul sito web www.graziani.net/azienda/storia

One of the most ancient candle factories in Italy and in the world, founded by Abramo Graziani in 1805 in Livorno. It is still a family company, owned and managed by Mario Graziani and his wife Francesca, together with their daughter Maria.

For our history, see www.graziani.net/company/history

NORMATIVE / STANDARDS

Le nostre candele sono conformi (ove applicabile) alle norme UNI/EN 15493, 15494 e 15426 in materia di sicurezza antincendio, avvertenze di sicurezza e fumosità; le nostre candele profumate sono realizzate con essenze certificate IFRA e sono conformi alla normativa REACH

Our candles comply (where applicable) with the UNI/EN standards for candles 15493, 15494 and 15426 with reference to fire safety, labeling and sooting. Our scented candles are made with IFRA certified fragrances and comply with REACH.

MISSION

La nostra storia ci impone di offrire quanto di meglio si possa produrre. Le nostre candele rispettano le norme EN sulle candele, come ogni altro nostro prodotto rispetta le norme di qualità specifiche. Ma la qualità per noi non è solo una caratteristica di un oggetto. La qualità è come una azienda si rivolge al mondo che la circonda. Siamo particolarmente scrupolosi a produrre rispettando le leggi e gli uomini. Rispettare le leggi vuol dire pagare le tasse e i fornitori ma anche rispettare le normative sui prodotti e sugli ambienti di lavoro. Rispettare gli uomini vuol dire offrire un buon ambiente di lavoro che valorizzi la professionalità dei dipendenti ma anche rispettare i nostri partner commerciali considerandoli parte del nostro progetto.

Our history mandates us to offer the best possible products. Our candles comply with the EN candle standards and all the products we offer comply with the product's specific requirements. In our opinion, however, quality is not only a product specification: quality is how a company interacts with the surrounding world. We produce respecting the laws and the people. Respecting the laws means to pay taxes and suppliers, but also to comply with all the regulations concerning the products and the work environment. Respecting the people means to offer our workers a good work environment that enhances their skills, but also to respect our commercial partners whom we consider an integral part of our project.

DOVE PRODUCIAMO / PRODUCTION SITES

Le nostre candele sono prodotte in massima parte nel nostro stabilimento di Lorenzana. Alcune di esse sono invece da noi disegnate e realizzate in Oriente (nel catalogo sono contraddistinte da "IQ", Importazione di Qualità), ma sempre con il cuore e la mente del fabbricante di candele: scegliamo noi le materie prime, controlliamo con regolarità le officine di produzione e seguiamo con attenzione tutta la filiera.

I nostri accessori, selezionati e talvolta anche disegnati da noi perché possano funzionare al meglio con le nostre candele, hanno provenienza varia ma sempre indicata in etichetta.

Our candles comply (where applicable) with the UNI/EN standards for candles 15493, 15494 and 15426 with reference to fire safety, labeling and sooting. Our scented candles are made with IFRA certified fragrances and comply with REACH.
