MISSION

La nostra storia ci impone di offrire quanto di meglio si possa produrre. Le nostre candele rispettano le norme EN sulle candele, come ogni altro nostro prodotto rispetta le norme di qualità specifiche. Ma la qualità per noi non è solo una caratteristica di un oggetto. La qualità è come una azienda si rivolge al mondo che la circonda. Siamo particolarmente scrupolosi a produrre rispettando le leggi e gli uomini. Rispettare le leggi vuol dire pagare le tasse e i fornitori ma anche rispettare le normative sui prodotti e sugli ambienti di lavoro. Rispettare gli uomini vuol dire offrire un buon ambiente di lavoro che valorizzi la professionalità dei dipendenti ma anche rispettare i nostri partner commerciali considerandoli parte del nostro progetto.

Our history mandates us to offer the best possible products. Our candles comply with the EN candle standards and all the products we offer comply with the product's specific requirements. In our opinion, however, quality is not only a product specification: quality is how a company interacts with the surrounding world. We produce respecting the laws and the people. Respecting the laws means to pay taxes and suppliers, but also to comply with all the regulations concerning the products and the work environment. Respecting the people means to offer our workers a good work environment that enhances their skills, but also to respect our commercial partners whom we consider an integral part of our project.

LA COLLEZIONE BASIC / THE BASIC COLLECTION

Essenzialità, semplicità ed economicità. Sono queste le parole chiave che contraddistinguono la collezione Basic. Candele perfette per l'uso quotidiano, prodotte con amore nel nostro stabilimento di Lorenzana (PI)*.

Essentiality, simplicity and cost-effectiveness. These are the key words that distinguish the Basic collection. Candles that are perfect for everyday use, made with love in our factory in Lorenzana (PI).*

*Alcune di esse sono invece da noi disegnate e realizzate in Oriente (nel catalogo sono contraddistinte da "IQ", Importazione di Qualità), ma sempre con il cuore e la mente del fabbricante di candele.

**Some products (IQ-labelled) are manufactured in the Far East, but always designed and managed by us.*
